

Pressure vacuum pump (-0.5/+3bar)

Reference : AC 0550BL

Item name	Pressure vacuum pump (-0.5/+3bar)
Bar code	3700461468940
Introduction	Optimize your workshop diagnostics with the AC 0550BL pressure/vacuum pump from CLAS Équipements, the essential tool for precise control of pneumatic and vacuum systems on light, commercial and heavy-duty vehicles.
Text	<p>Designed for versatility and performance, this hand pump can generate both vacuum (-0.5 bar) and pressure (+3 bar). Ideal for reliable testing:</p> <ul style="list-style-type: none">- Intake systems- Vacuum solenoid valves- Tank aeration- EGR valve- Turbocharger- Vacuum capsules and feeders- Brake servo <p>Thanks to its precise pressure gauge and sturdy aluminum body, it guarantees comfortable, long-lasting operation, suitable for professionals and enthusiasts alike.</p>
Product highlight	Complete pressure/vacuum range and universal adapter kit
Specifications	<p>Specifications:</p> <ul style="list-style-type: none">- Measurement range: vacuum 0 to -0.5 bar / pressure 0 to +3 bar- Analog needle pressure gauge

- Pump body: anodized aluminum
- Handle: reinforced bi-material
- Quick-release couplings for tip changes
- Compatible with automotive fluids (air, oily vapors, light fuel)
- Rigid, compartmentalized case

Contents

Contents:

- 1 set of 5 Nozzles
- 1 set of 4 hose extensions 4 nozzles
- collection vessel with 2 lids
- 2 x 500mm extensions

OEM codes

VAS6213

Warranty period

2 years

Tariff code

Tariff Normal (TN)

Product range

B-Line

Warranty Procedure EASY

Customer benefit

Reduces diagnostic time, enables rapid identification of pneumatic leaks and failures, compatible with all vehicles and supplied with a complete kit for immediate use.

***Public price Exl. Tax : €89**
