Cooling System Controller (18 pcs)

Reference : AC 1120BL

Item name	Cooling System Controller (18 pcs)
Bar code	3700461469589
Introduction	Secure your diagnostics with the AC 1120BL, the essential pressure test kit for instantly locating cooling system leaks. A complete, universal kit guaranteeing reliable intervention on 95% of the vehicle fleet.
Text	The AC 1120BL is the professional solution for pressurizing the cooling circuit and expansion tank, enabling error-free identification of internal leaks (cylinder head gasket) or external leaks (hoses, radiator, water pump). Manual pressurization pump: Equipped with a precision manometer with rubber protection and double graduation (Bar/Psi). Allows immediate visual control of pressure drop. Color-coding system: Each adapter cap is color-coded for fast, intuitive selection according to vehicle model, optimizing workshop time. Universal adaptability: 20-piece kit including specific adapters for all major makes (European, Asian and American). Quick-lock connectors: instant, watertight connection/disconnection on the expansion tank, with no risk of hot liquid splashing. Premium materials: high-strength, reinforced nylon adapters to withstand repeated

pressure cycles without thread deformation.

Optimized organization: Supplied in a thermoformed carrying case for rapid visual inventory and shock protection in garage environments.

Contents

Contents:
- 1 test pump with relief valve
- pressure gauge (0 to 2.5 bar)
- 10 ABS screw-on caps (color-coded and numbered)
- 3 metal quarter-turn caps
- 1 cap wrench for screwing
- 1 thermometer (0 to 200°C)
- 2 R123/R124 and R123/R125 connectors

Warranty period 2 years

Tariff code Tariff Normal (TN)

Product range B-Line

Warranty Procedure EASY

***Public price Exl. Tax : €99**

*Applicable user fees from 01/09/2026 to 31/08/2027
