Complete M14x1.25 Plug

Reference : SA 2023

Item name	Complete M14x1.25 Plug
Bar code	3700461431425
Introduction	Complete plug M14x1.25 designed to repair oil sumps with damaged threads.
Text	This plug retains the original M14x1.25 thread pitch, but has a larger thread diameter for effective recovery in damaged crankcases. It can be fitted directly in place of the original plug, without the need for tapping. Made up of two parts, the first remains attached to the crankcase after installation, while the second is used for subsequent oil changes. A reliable, fast and economical solution for avoiding crankcase replacement.
Specifications	Inner plug: M10 x 100mm
