

Piston pusher insert Renault Laguna III/scenic III

Reference : SA 3511

Item name	Piston pusher insert Renault Laguna III/scenic III
Bar code	3700461440434
Introduction	Stop damaging your customers' calipers with SA 3511, the dedicated adapter for Renault rear brake pistons. A precision part designed for automatic adjustment mechanisms, guaranteeing effortless and safe piston removal.
Text	<p>The SA 3511 is the specific tool required for Laguna III and Scénic III models, where the use of a standard universal pad presents a risk of piston slippage or damage.</p> <p>Ergonomics specific to Renault: precisely machined to fit into the notches of the rear pistons of Renault's latest braking systems.</p> <p>Double drive: Equipped with two fixing lugs for mounting on your CLAS range (or compatible) piston plunger, ensuring perfect stability during rotation.</p> <p>Respect for EPB mechanisms: Essential for models equipped with the electric parking brake (after switching to maintenance mode), enabling the piston to be pushed back into rotation without forcing the electric motor.</p> <p>Productivity gains: Avoids time-consuming tinkering with unsuitable tools, and prevents costly damage to bellows or piston seals.</p>
Applications	Renault Laguna
Warranty period	2 years

Suitable for branded Renault vehicles

Tariff code Tariff Normal (TN)

Warranty ProcedureEASY

***Public price Exl. Tax : €19**

*Applicable user fees from 01/09/2025 to 31/08/2026
