

PORTABLE THERMOMETER/HYGROMETER

Reference : AC 4221

Item name PORTABLE THERMOMETER/HYGROMETER

EAN code 3700461410796

Intro This device is an accurate thermo-hygrometer allowing relative air humidity and the surrounding temperature to be measured. Its energy consumption is low, and it is endowed with a safe functioning, data-hold function, spare-part, maximum and minimum memory, reset of maximal/minimal temperature... and has several other functions. This parameter is vitally important in the field of meteorology, air-conditioning, many industries and leisure activities, as well as for the drying of the painting or any chemicals which can differ according to air humidity rate.

Specifications Specifications:
- LCD screen
- measurement range:
Temperature: 0°C/+50°C (32°F/122°F)
Relative air humidity: 0%/100%
- sampling fraction: 1 time/second
- response time:
Measurement of the relative air humidity: approximately 4 seconds
Temperature measurement: 5/30 seconds
- battery: 4x1.5V, AA or equivalent
- working Temperature Range: 0°C/+50°C
- data-Hold Temperature Range: -10°C/+60°C
- low Battery Indicator on the screen

Warranty period 2 years
