Injector Return Control Module

Reference : AC 5240BL

Item name	Injector Return Control Module
Bar code	3700461469053
Introduction	Covers the majority of vehicles fitted with Bosch (excluding Opel), Denso, Delphi and Siemens Common Rail injectors. Contents detect injector flow problems.
Text	A) Engine runs without starting. Installing the graduated pencils allows you to diagnose : - if all levels are similar: Injectors are operating correctly. - if one level is significantly higher than the others (25%): this injector is damaged. The method is faster: - direct connection to the injector - fuel flows directly into the pencils. B) Engine starts. We recommend using the vials. If excessive flow is observed in one of the vials, replace the injector connected to that vial.
Specifications	Specifications: - C1: Bosch 90° injectors - C2: VDO/Siemens 90° injectors - C3: Denso 90° injectors

	- Bottle capacity: 50 ml
Warranty period	2 years
Fuel type	Diesel
Tariff code	Tariff Normal (TN)
Product range	B-Line
Warranty Procedure	NO

***Public price Exl. Tax : €44**
