

## Digital multi-pressure tester

Reference : AC 0800

<b>Item name</b>	Digital multi-pressure tester
<b>Bar code</b>	3700461494369
<b>Introduction</b>	Universal digital pressure gauge, enables you to take all types of pressure, whether PNEUMATIC or HYDRAULIC, and thus compare the physical and real values of the circuit with those supplied by the various sensors by means of a Diag reading. The comparison will help you identify the source of the fault (mechanical or electrical).
<b>Text</b>	<p>This version is designed for the following controls:</p> <ul style="list-style-type: none"><li>- gasoline engine compression</li><li>- diesel engine compression via injector, optional see available dummy plugs</li><li>- oil pressure, to be connected to standard fitting (not supplied) see option if required</li><li>- low fuel pressure</li><li>- adblue pressure PSA, others...</li><li>- vacuum</li><li>- particle filter</li><li>- cooling circuit</li><li>- turbo</li></ul> <p>A 2000 bar high-pressure test kit and an engine leak test accessory are also available as options.</p>
<b>Product highlight</b>	Clear, precise readout of live values
<b>Specifications</b>	The unit is equipped with an audible and visual sensor identification system following measurement, and calibration is simple and integrated into the unit. Recording for expert appraisal.

## Contents

### Contents :

- 1 tester 7" color TFT display with resistive touchscreen
  - battery: lithium polymer 3.7V / 2000mA
  - intelligent USB battery charging with LED indicator
  - PC connection via USB port
  - ABS case with rubber bumpers
  - all screws mounted on brass inserts
  - 1/4-thread brass insert on rear for mounting bracket
  - 1 sensor 0/300 bar (2m)
  - 1 -1/+3 bar sensor (2.90m)
  - 1 universal diesel compression adapter
  - 1 universal gasoline compression adapter
  - 8 extremely flexible OEM quick connectors
- All components available at retail price

## Advice

La récupération du logiciel s'effectue depuis le lien suivant :  
<http://universalpressuretester.com/software.exe>

Télécharger le et installez-le sur le bureau de votre PC, ainsi vous pourrez profiter des enregistrements ou des impressions de toutes valeurs de pression.

La mise à jour de la tablette s'effectue également depuis ce lien.

**Warranty period** 2 years
