Digital multi-pressure tester

Reference : AC 0800

Item name	Digital multi-pressure tester
Bar code	3700461494369
Introduction	Universal digital pressure gauge, enables you to take all types of pressure, whether PNEUMATIC or HYDRAULIC, and thus compare the physical and real values of the circuit with those supplied by the various sensors by means of a Diag reading. The comparison will help you identify the source of the fault (mechanical or electrical).
Text	This version is designed for the following controls: - gasoline engine compression - diesel engine compression via injector, optional see available dummy plugs - oil pressure, to be connected to standard fitting (not supplied) see option if required - low fuel pressure - adblue pressure PSA, others... - vacuum - particle filter - cooling circuit - turbo A 2000 bar high-pressure test kit and an engine leak test accessory are also available as options.
Product highlight	Clear, precise readout of live values
Specifications	The unit is equipped with an audible and visual sensor identification system following measurement, and calibration is simple and integrated into the unit. Recording for expert appraisal.

Contents	Contents: - 1 7" TFT color screen tester with resistive touchscreen - battery: lithium-polymer 3.7 V / 2000 mA - smart USB battery charger with LED indicator - connects to a PC via a USB port - ABS housing with rubber bumper - All screws are mounted on brass inserts - Brass insert with 1/4-inch thread on the back for mounting the holder - 1 sensor 0/300 bar (2 m) - 1 sensor -1/+3 bar (2.90 m) - 1 universal diesel compression adapter - 1 universal gasoline compression adapter - 8 original, highly flexible quick-connect fittings from the manufacturer All parts are available separately
Advice	You can download the software from the following link: https://www.clas.com/media/pdf/software/AC_0800_software.exe Download it and install it on your PC's desktop so you can record or print all pressure values. You can also update the tablet using this link.
Warranty period	2 years
Tariff code	Tariff Normal (TN)
Warranty Procedure	DIAGNOSTIC

***Public price Exl. Tax : €1,615**
