

AIR CONDITIONING WASHING KIT

Reference : AC 1023

Item name	AIR CONDITIONING WASHING KIT
Bar code	3700461494819
Introduction	An economical way to remove contaminants and scale from air-conditioning system components.
Text	<p>Thorough cleaning of the circuit to remove oil, contaminants, refrigerant residues and moisture.</p> <p>Essential when replacing a circuit component or simply opening the circuit, to quickly and efficiently remove refrigerant oil and debris when replacing a component (e.g. compressor).</p> <p>Easy to use: simply fill the cartridge with decontamination solution, pressurize with the nitrogen cartridge and purge each component.</p> <p>As the cleaning solution is a highly evaporative product, there's no risk of moisture remaining in the circuit.</p> <p>Drying of the circuit occurs naturally with the hydrogenated nitrogen gas used.</p> <p>2 washes with 500ml are possible.</p>
Warranty period	2 years
Tariff code	Tariff Normal (TN)
Warranty Procedure	EASY
Consumable type	Cleaner
