8-cylinder injectors return control box

Reference : AC 5280

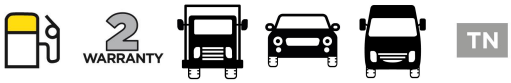

Item name	8-cylinder injectors return control box
Bar code	3700461492846
Introduction	Covers the majority of vehicles fitted with Bosch (excluding Opel), Denso, Delphi and Siemens Common Rail injectors. Contents detect injector flow problems.
Text	A) Engine runs without starting. Installing the graduated pencils allows you to diagnose : - if all levels are similar: Injectors are operating correctly. - if one level is significantly higher than the others (25%): this injector is damaged. The method is faster: - direct connection to the injector - fuel flows directly into the pencils. B) Engine starts. We recommend using the vials. If excessive flow is observed in one of the vials, replace the injector connected to that vial.
Product highlight	8 cylinders
Applications	Adapters for Bosch, Delphi and Denso injectors.
Warranty period	2 years

Fuel type Diesel

Tariff code Tariff Normal (TN)

Warranty Procedure EASY

***Public price Exl. Tax : €79**

*Applicable user fees from 01/09/2026 to 31/08/2027
