

Air conditioning leak stop for R1234yf 30ml

Reference : CO 4070

| | |
|--------------------------|---|
| Item name | Air conditioning leak stop for R1234yf 30ml |
| Bar code | 3700461494802 |
| Introduction | Closes micro-leaks in metal parts, hoses and seals. Saves time on hard-to-reach leaks. |
| Text | <p>Specially designed for rapid repair of micro-leaks in air-conditioning systems. The sealant introduced into the circuit begins to circulate until the leak is found. When it escapes, the product reacts with the air, hardens and permanently seals the micro-leak. In the absence of polymer, there's no risk of damaging circuit components and/or the air-conditioning station.</p> <p>Non-pressurized bottle containing no propellant. No gas is injected: no risk of overpressure or circuit damage (unlike syringes and aerosols). The bottle contains a liquid which is sucked in by the vacuum previously created in the circuit.</p> |
| Product highlight | Cost-effective solution |
| Specifications | Usable 1234YF Recommended for vehicles containing up to 350ml lubricant and 1.5kg coolant. Vehicle must be equipped with a 1234yf low-pressure fitting. |
| Warranty period | No warranty (consumable) |

Capacity (ml) 30 ml
Capacity (l) 0.03 l
Tariff code Tariff Normal (TN)
Warranty Procedure NO
Consumable type Additive

***Public price Exl. Tax : €29**
