

Auto dent repair kit with slide hammer

Reference : OC 0113

Item name Auto dent repair kit with slide hammer

Bar code 3700461494536

Introduction This dent removal kit enables the user to repair bodywork that has been dented or dented without even repainting the component.
The process consists of gluing plastic pellets to the body using the gun and glue specially designed for bodywork, and connecting the inertia weight or pulling pliers to bring back the painted sheet metal without damaging it. The pad is simply removed with a surface-cleaning solvent (not supplied) and the nylon chisel.

Contents Contents :
- SA0112: stainless steel inertia hammer+Nozzle
- DSP pulling pliers for removing dents
- SA4205: 240V-200°C-30W glue gun
- SA3110: 8 sticks of super-strong glue
- SA0114: 12 glue pellets of different diameters
- SA0115 : nylon chisel to remove glue pads
- SA0116: bottle of solvent for pad removal
- 1 heavy-duty PVC case
