Auto dent repair kit with slide hammer

Reference : OC 0113

Item name	Auto dent repair kit with slide hammer
Bar code	3700461494536
Introduction	This dent removal kit enables the user to repair bodywork that has been dented or dented without even repainting the component. The process consists of gluing plastic pellets to the body using the gun and glue specially designed for bodywork, and connecting the inertia weight or pulling pliers to bring back the painted sheet metal without damaging it. The pad is simply removed with a surface-cleaning solvent (not supplied) and the nylon chisel.
Contents	Contents: - SA0112: stainless steel hammer + nozzle - DSP pull rod for removing dents - SA4205: glue gun 240 V - 200 °C - 30 W - SA3110: 8 super-strong glue sticks - SA0114: 12 glue dots in various diameters - SA0115: nylon chisel for removing glue dots - SA0116: Bottle of solvent for removing glue dots - 1 very sturdy PVC case
